Chlorinated Isocyanurates from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2015-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on chlorinated isocyanurates (chlorinated isos) from the People's Republic of China (PRC). The period of review (POR) is June 1, 2015, through May 31, 2016. This administrative review covers three producers/exporters: 1) Heze Huayi Chemical Co. Ltd. (Heze Huayi); 2) Hebei Jiheng Chemical Co. Ltd. (Jiheng); and 3) Juancheng Kangtai Chemical Co. Ltd. (Kangtai). We preliminarily determine that Heze Huayi and Kangtai have demonstrated their eligibility for a separate rate, and have made sales in the United States at prices below normal value (NV). We also preliminarily determine that Jiheng has not demonstrated its eligibility for a separate rate. Interested parties are invited to comment on these preliminary results.

DATES: [Insert date of publication in the *Federal Register*.]

## SUPPLEMENTARY INFORMATION:

### Scope of the Order

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones.<sup>1</sup> Chlorinated isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.

### Methodology

The Department is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). Export and constructed export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum, which is hereby adopted by this notice. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and it is available to all parties in the Central Records Unit, room B8024 of the main Department

Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for the Preliminary Results of the 2015-2016 Antidumping Duty Administrative Review: Chlorinated Isocyanurates from the People's Republic of China," dated concurrently with this notice (Preliminary Decision Memorandum).

#### Verification

As provided in sections 782(i)(3)(A)-(B) of the Act, we intend to verify the information upon which we will rely in determining our final results of review with respect to Kangtai.

#### Preliminary Results of Review

The Department preliminarily finds that Jiheng did not respond to the Department's questionnaire even though it timely submitted a separate rate certification. As such, we preliminarily determine that Jiheng is part of the PRC-wide entity.<sup>2</sup> For the companies' subject to this review that have established their eligibility for a separate rate, the Department preliminarily determines that the following weighted-average dumping margins exist for the period of June 1, 2015, through May 31, 2016:

Exporter	Weight-Average Dumping Margin Percentage
Heze Huayi Chemical Co. Ltd.	16.06
Juancheng Kangtai Chemical Co. Ltd.	24.82

---

<sup>2</sup> Because no interested party requested a review of the PRC-wide entity and the Department no longer considers the PRC-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the PRC-wide entity. Thus, the rate for the PRC-wide entity is not subject to change as a result of this review. *See Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65969–70 (November 4, 2013).

Interested parties may submit written comments in the form of case briefs within one week after the issuance of the last verification report and rebuttal comments in the form of rebuttal briefs within five days after the time limit for filing case brief.<sup>3</sup> Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.<sup>4</sup>

#### Assessment Rates

Upon issuing the final results of this review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.<sup>7</sup> The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent), the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales.<sup>8</sup> We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

<sup>7</sup> See 19 CFR 351.212(b)(1).

<sup>8</sup> See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the PRC-wide rate.<sup>9</sup>

#### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the cash deposit rate will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing producer/exporter-specific combination rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent;<sup>10</sup> and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing<sup>11</sup> and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).
